

## **Laurel Smith, CSW**

*Therapist*

Laurel began working in the human services field in 2002 and has enjoyed it ever since. She began working direct care with intellectually disabled adults and has held various positions including program coordination and case management for the local mental health community agency. Laurel

received her Bachelor Degree in Behavioral Science at Utah Valley University. She is a recent graduate of Utah State University and has her Master of Social Work degree.

Laurel enjoys working with a variety of populations and has experience in working with individuals, couples and families. She connects with the person centered approach in therapy which aligns with the “Remember the One” mission and led her to pursuing this job opportunity at Scenic View.

Laurel feels strongly about human rights and advocacy and enjoys all the time she can spend with her loved ones including her husband and fabulous dogs. Reading, gardening, being in nature, and live music are at the top of her list of things she enjoys.
